

# Costa Mesa Sanitary District

...an Independent Special District

## Memorandum

**To:** Board of Directors

**From:** Marc Davis, Treasurer

**Date:** May 26, 2016

**Subject:** Investment Report for the Month of April 2016

---

### **Summary**

Attached is the Investment Report for the month of April 2016. As required by the District's Statement of Investment Policy, the Investment Report delineates all investment activity during the month.

### **Staff Recommendation**

Approve the Investment Report for the month of April 2016.

### **Analysis**

This report lists the types of securities held in the District's portfolio, the institutions from which the securities were purchased, maturity dates and interest rates as of April 30, 2016. The District's investments are in compliance with the Statement of Investment Policy adopted by the Board at the June 25, 2015 regular meeting, as well as the California Government Code. The market values in this report were provided by our third party custodian, Pershing, LLC, except for the Local Agency Investment Fund (LAIF). The market value of LAIF was provided by the State Treasurer's Office. It does not represent the value of the underlying securities within the pool, but rather the par or cost amount, which is the amount the District is entitled to withdraw. This reporting practice is consistent with industry standard practices for similar funds.

The weighted average stated rate of return (current yield) for the District's investment portfolio as of April 30, 2016, was 1.092%. The yield to maturity of the portfolio was 1.096%. The District's weighted average interest rate was 57 basis points (0.567%) above the LAIF average monthly rate for April 2016 of 0.525%. The weighted average number of days to maturity for the District's total portfolio was 734 days (2.01 years). The average duration of the underlying securities in LAIF as of April 30, 2016 was 164 days.

Protecting our community's health and the environment by providing solid waste and sewer collection services.

[www.cmsdca.gov](http://www.cmsdca.gov)

The District's investment portfolio is in compliance with its liquidity limitations, which requires that a minimum of 20.00% of the portfolio must mature within one year. The percentage of the portfolio maturing in less than one year as of April 30, 2016 was 39.01%. The District has adequate cash reserves necessary to meet its obligations for the next six months.

**Strategic Plan Element & Goal**

This item supports achieving Strategic Element No. 7.0, *Finances*, by ensuring the short and long-term fiscal health of the District.

**Legal Review**

Legal review is not required.

**Environmental Review**

Subject activity is exempt from the requirements of the California Environmental Quality Act (CEQA) (Public Resources Code Section 21000 et. seq.). Section 15300.4 of CEQA allows an agency while establishing its own procedures "to list those specific activities which fall within each of the exempt classes", and the District has adopted "CEQA Guidelines and Implementing Procedures" that state on page 6, "'Projects" does not include....C. Continuing administrative or maintenance activities."

**Financial Review**

The portfolio was budgeted to earn an average rate of 0.900% for the year ending June 30, 2016. Through April 30, 2016, the portfolio has earned a weighted average interest rate of 1.119%.

**Public Notice Process**

Copies of this report are on file and will be included with the entire agenda packet for the May 26, 2016 Board of Directors regular meeting at District Headquarters (628 W. 19<sup>th</sup> Street) and on the District's website at [www.cmsdca.gov](http://www.cmsdca.gov).

**Alternative Actions**

1. Refer the matter back to staff
